

# My New School

Alternative SOCIAL STORY

*Ms Fisher*

I'm going to a new school.

I might feel excited.

I might feel nervous because it's  
new and different.

My teacher

My new teacher

Both of the teachers will help me  
feel ready and safe.

My family or carers will help me  
feel ready and safe.

Some of my friends might  
come to my new school.

New friends will be waiting  
for me at my new school.

I can feel scared when I start going  
to my new school.

I will have visiting days at my  
new school.

My family or carers might come with me to visit my new school.

My teacher might come with me to  
visit my new school.

I can ask the adults around me  
who will be coming with me to my  
new school.

When I have visited my new school  
a few times, I will feel better.

Everyone at my new school is  
looking forward to meeting me.

Going to a new school is okay.  
Teachers and family will be there  
to make sure I feel okay.

Everyone will make sure I  
am feeling safe!

Emma Fisher is dedicated to writing stories for teachers and parents to use for their children. She is a single mumma to four kids, two with additional needs. Emma keeps her writing simple and is purposely leaving it paired back with only bright simple pictures and positive instruction for your children to easily keep focus and positive interaction at a high level.
