

Gentle Feet

NO KICKING alternative social story
ASDbooks.com the go to place for higher needs children.

Gentle feet are needed when
playing with friends.

Gentle feet are when they stay on the floor and away from others.

I can use gentle feet while playing just like these kids.

Others know I am being safe
when I keep my gentle feet on
the floor.

I can play with others when I
use my gentle feet.

Having gentle and safe feet help others know I respect their bodies and their space.

My friends think I am fun when
they trust me to use my gentle
feet.

When I use gentle feet, others
want to play with me.

I can use my gentle feet!!
